KIRIBATI

The Kiribati is the perfect spa for family or those who frequently entertain friends, with 7 seats including four captain's chairs in each corner.

This mid-size hot tub is designed for the crowd but still offers creature comforts for the individual.

The Kiribati comes with hydrotherapy air jets as standard providing enhanced therapeutic benefits and it also has 2 Pop-Up fountains with integrated LED lighting, perfect for some 'me' time.

Pop-Up Fountains

These delightful pop-up fountains add a real wow factor with LED lighting synchronised to the internal lighting.

Touch Screen Control

The spaTouch3™ has a user-friendly interface which allows you to adjust the temperature, jets, mood lighting and fully control your integrated sound system.

Illuminated Hand Rail

These two beautiful handrails are unique to the Kiribati model. Illuminated by subtle LED lighting this opaque handrail adds a touch of luxury to this fully featured hot tub.
